HD Club Plans Party Saturday For Reeves

by Miss Carrie Ilix

The Pamplin Home Demonstration Club will sponsor a community miscellaneous shower for the Tivis Reeves to be held in the Pamplin Elementary School cafeteria on Saturday, March 9 from 7 to 9 p.m.

The Reeves' home was destroyed by fire on Feb. 27. Smoke awakened Frances Reeve, 14 year old daughter of the Reeves about 4:30 a.m. She aroused the family, and they fled the house in subfreezing temperatures.

The home is a complete loss, only partially covered by insurance. The Reeves managed to save part of their clothing, and a small part of their furniture. The fire was caused by defective flue in the kitchen. Mr. Reeves is now employed at Longwood College, and nothing in there was saved.

My Experience in 4-H Demonstrations

One Saturday last spring after weeks of preperation and coaching by Mr. Moody, I left for Farmville, along with several other 4-Hers to the District demonstration contest. We gathered in the Longwood auditorium for an assembly program and then were assigned to the different contest rooms. I was fortunate to be one of the two winners in the automotive care and safety contest. My prize was a trip to 4-H Short Course at Blacksburg. At the demonstration contest in Blacksburg I found that the competition was much greater than the competition in Farmville. I didn't think I had a chance to win, but to my surprise I received the blue ribbon. I believe that this was one of the most thrilling experiences of my life and one I'm sure that I will never forget.

4-H Camp

By completing my 4-H record books I was able to attend the 4-H camp this past summer. I enjoyed every minute of it. The week passed by so fast I was not ready to leave on Saturday. I enjoyed so many things that I could not tell everything. I enjoyed most of all the Candle Light Service. The recreation program in the evening was always so much fun. I especially liked the group singing and dancing.

While I was at camp I had the opportunity to make some type of Handi - Craft. I selected a tile tray. Some of the other Handi - Crafts we could choose from were stools, marble jewelry, and knife racks, wooden bowls.

I stayed the entire week at 4-H Camp and plan to go again this summer. I think that every student that has an opportunity to go to camp should go. From camp one learns how to get along with others, how to be responsible for your cabin, your personal belongings and many other things. You also meet a number of new people which you never forget.

4-H Poultry Project

We chose as a 4-H Club Project for 1962 chickens. We got one hundred five (105) of the Sears Roebuck Barred Rock chickens. Out of these we raised one hundred two (102). We had a great deal of fun raising these chickens and won second and third places at the Farmville Pre-County Fair. We also won Special Recognition plus as a result of the success we had with our chickens.

We kept seven (7) pullets and are now getting five (5) and six (6) eggs per day. As a result of the success we had last year, we are going to carry chickens as our project again this year.

Adult Leadership and 4-H

As I begin my third year as an adult leader for the Lucky Clover 4-H Club, I am very proud of the work the club has done.

I find great satisfaction in knowing how seriously the group takes the club, and believe there is a place in 4-H Club where every member can be a winner regardless of his ability.
